

# Global Health Experiences

Clinical · Research · Public Health/Policy

- 60-80 medical students/year participate in global health experiences, both in the US and abroad
- Each medical student is eligible for two CGH travel awards
- Experiences typically 4-7 weeks; year-out opportunities available
- Structured program locations currently include:

**Argentina, Austria, Botswana, Dominican Republic, Indian Health Service, Israel, Netherlands, Philadelphia (Puentes de Salud, Presby Refugee Clinic), Rwanda, Zambia**

---

## Global Health Certificate

Requirements

- PUBH519: Issues in Global Health course (*or approved equivalent coursework*)
- Two global health experiences, each lasting at least 4 weeks
- Scholarly pursuit related to global health

\* A variety of global health courses are available for medical students \*

**Planning · Communication · Advising · Funding**
